

Exercise-1

Design a web page using four different image files 'image1.jpg', 'image2.jpg', 'image3.jpg' and 'image4.png' according to the following specifications.

- Use a border 5px for 'image1.jpg'.
- Resize the width and height of 'image2.jpg' 100 pixels each. Use anchor tag on this image and open original image.
- Align 'image3.jpg' to either left or right side
- Leave space of 50px horizontally and vertically in 'image4.png'
- align the text with respect to the images so as to obtain the appropriate output

Exercise 2

Create a document home.html with two links to an external document (about.html). The first link should lead to the beginning of the about.html. The second link should lead to a particular section **Contact** information in the about.html.

home.html should also contain a google logo of size 400px X 100px. On clicking this image, it should redirect to www.google.com

[Note: Make your own design and content]

Exercise 3

Create a Web page giving the following Bus details.

Place a border for the table and use cell padding to present the cell data with clarity. Align the table in the center of the screen. Use a caption saying 'Bus Sewa Time Table and Fare List'.

Text Content

Name of Bus	Place	Destination	Time		Fare
			Arrival	Departure	
Western Express	Kathmandu	Nepalgunj	07:30	08:00	Rs. 989.00
Mankamana Bus Sewa	Kathmandu	Manakamana	09:00	10:15	Rs. 450.00
Buddha Express	Kathmandu	Butwal	11:30	12:25	Rs. 645.05
Baba Tourist Express	Kathmandu	Pokahar	7:30	8:00	Rs. 756.00
Purba Express	Kathmandu	Biratnagar	16:00	17:30	Rs. 345.00
